

Who Should Attend

- Electricians
- Inspectors
- Estimators
- Engineers
- Contractors
- Industry Leaders
- Anyone in the electrical and engineering industry looking to get up-to-speed with the latest changes to the 2005 NEC and develop their business management skills

Purpose of Training

Nearly 5,000 changes were proposed for the 2005 NEC. Over 225 of them will have a significant impact on designing, installing and inspecting electrical systems. Mike takes you through these changes, which he considers to be of critical importance. You'll be able to easily gauge how these changes will impact your work and apply them instantly. You can't afford to be "in the dark" because many of these changes will significantly alter the cost of doing business!

Earn CEUs and PDHs

We're approved for continuing education in many states. If you need this seminar for continuing education or professional development credit, contact Ilene Levy at 888-NEC-CODE (632-2633) to find out if your state has been approved. This seminar has been approved for 14 Hrs for the State of Florida.

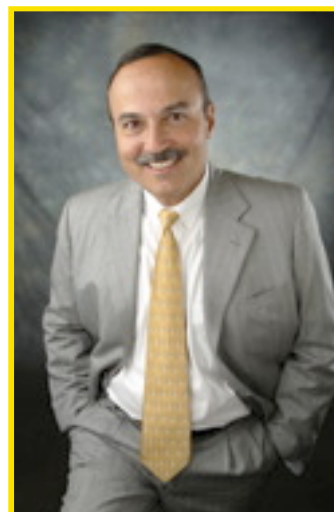

Seminar Fee

One Day \$195.00 Both Days \$325.00

An early 30-Day registration fee includes a copy of our Business Management Skills book and one CEU certificate for Day 1, and a copy of Mike Holt's Illustrated Guide to Changes to the NEC 2005, and one CEU certificate for Day 2. The fee is subject to change and is payable in advance.

About Your Presenter—Mike Holt

Mike is nationally recognized as one of America's most knowledgeable electrical trainers. His instruction has helped tens of thousands of electrical professionals ensure the proper design and installation of electrical systems in accordance with the *NEC*. His dynamic and animated teaching style is relaxed, direct and enjoyable. Mike's best quality is his ability to communicate technical topics in an easy-to-understand manner.

- Tools
- PPE (Personal Protection Equipment)

Workers' Compensation - 1 Hour

- Electrical hazards
- Attending to electrical accident victims
- Electrical accidents and hazard prevention

Advanced Code Module - 1 Hour

- Use and Occupancy
- Special Requirements based on Use and Occupancy
- General Building Height and Areas
- Types of Construction
- Fire Resistance Construction
- Interior Finishes
- Electrical Requirements

Instructors

Find out more about our 2-Day Instructor Conference which immediately precedes these Continuing Education Seminars by contacting Sean. **Sean@MikeHolt.com** • 888.632.2633

Day 2

June 17, 2006 – Orlando or
July 15, 2006 – Ft. Lauderdale

Changes to the NEC 2005

This exciting seminar with Mike will translate the very technical language of the NEC into everyday electrician's language that you will understand.

Changes to the NEC 2005 - 7 Hours

General Installation Requirements - 110
Grounded Neutral Conductor - 200
Branch Circuits - 210
Feeders - 215
Services - 230
Overcurrent Protection - 240
Grounding versus Bonding - 250
Surge and TVSS Protection - 280 and 285
Wiring Methods - 300
Boxes - 312 and 314
Cables - 320 through 340
Raceways - 342 through 362
Cable Trays - 392
Disconnects - 404
Receptacles - 406
Fixtures - 410
Motors - 430
Transformers - 450
Hazardous (Classified) Locations - 500 through 514
Swimming Pools - 680
Data, Control and Signaling Circuits - 725 through 770
