# Your Courses

All your courses and course content can be found in the courses table.

- Current Courses
  - Here you will find all your new courses that have recently been activated or courses you are still working on
- My Grades
  - When you complete a course, My Grades will display those courses here. You can log back in to the course anytime to review what you've done. This includes the questions and content you took
- Review Material
  - Review Material will provide you the option to review the completed course material excluding the questions.

When you are ready to get started, hit "Enter Course" on the course you wish to begin.

*Helpful tip: Use the search bar at the top to find a specific course using any keyword you know.*
