### Why Tab your code book?

Revised 8-20-2020

NEW TAB SET COLORED

- 1 A properly TABBED CODE BOOK makes the NEC Code Book easier & more user friendly!
  - 2 KNOWLEDGE OF THE NEC CODE - OFTEN MEANS JOB SECURITY & better PAY \$\$\$
  - 3 Finding QUICK answers to INSPECTION CORRECTION NOTICES BECOMES EASIER
  - 4 YOU GET PAID for what YOU KNOW - MORE CODE KNOWLEDGE = MORE PAY -- \$\$\$\$\$
  - 5 WHEN TAKING YOUR JOURNEYMANS TEST - YOU ONLY HAVE 3 MINUTES PER QUESTION
- IT IS QUITE LIKELY YOU WILL NOT PASS YOUR EXAM WITHOUT A PROPERLY TABBED NEC CODE BOOK

**TABBING YOUR CODE BOOK MADE EASY FOLLOWING THESE SIMPLY INSTRUCTION**  
Hundreds of Code Book have been tabbed using this OUTLINE

- 1 Mikes Tab sets are marked 1 & 2 - Begin with set 2 placing index tab V-Z to align with the TAB as Located set the black line of the tabs to the edge of each ascending page, touching each line together The first tab begins on page 899, 3/16" from bottom of page - will prevent early tab tearing
- 2 NOTE the 16 tab layout per row fits nicely as described in this document

Use this TAB LAYOUT to get started off RIGHT - Aline this PAGE with bottom of Code Book

- 1 You will probably use the INDEX Pages more than any other pages in your code book  
The INDEX is your guide to finding topical words in the NEC CODE BOOK  
\* Index KEY WORDS give you section number as a reference - They are found at the top of each page
- 2 "NEW" -- A TAB FOR THE TABLE OF CONTENTS-- PLACE ON page #3 - It too is VERY USEFUL  
The Table of CONTENTS references give you page # numbers , they are found at the bottom of each page
- 3 Buy the Soft bound code book - When Tabbed as outlined above, the soft copy when grasped by your left hand - folding it in half will neatly expose all the tabs for easy reading and quick referencing.
- 4 NOTE: By starting to tab your Code Book from back to front - makes aligning each tab a SNAP!
