Your Courses

All your courses and course content can be found in the courses table.

- Current Courses
 - Here you will find all your new courses that have recently been activated or courses you are still working on
- My Grades
 - When you complete a course, My Grades will display those courses here. You can log back in to the course anytime to review what you've done. This includes the questions and content you took
- Review Material
 - Review Material will provide you the option to review the completed course material excluding the questions.

When you are ready to get started, hit "Enter Course" on the course you wish to begin.

Helpful tip: Use the search bar at the top to find a specific course using any keyword you know.

Daily Code Graphic

Great free resources from Mike Holt Enterprises - this daily Code Graphic is a free learning tool. Use it as a topic of discussion each day or review them with your employees and colleagues in your safety meetings, at lunch, or in the field. It is updated each day!

Code Graphic of the Day

Bathroom Area Circuit, Dwelling 210.11(C)(3) Ex

The diagram illustrates a bathroom area circuit in a dwelling. It shows a 20A circuit (labeled '20A Circuit') supplying multiple GFCI outlets. The outlets are connected to a single 20A, 120V branch circuit. The diagram also shows a GFCI outlet connected to a 20A circuit. The circuit is labeled '210.11(C)(3) Ex'.

Copyright 2020, www.MikeHolt.com

A single 20A, 120V branch circuit can supply all outlets in a single bathroom.

How your Course Works

Navigation

Navigate through the course by hitting the arrows on either side of the course screen

Save & Logout

All course progress will be saved. Progress is saved automatically every 5 minutes

Page Count/Progress

Showing number of pages completed and number of pages remaining

Menu

Opens more options for course, explained below:

- 1. Course Intro**
Brings back up the Course Introduction, which includes the Course Description, Course Structure, Question information, and Course References
- 2. Detailed Progress**
Shows Chapters & Sections of your course & what has been completed and what's remaining
- 3. Course Guide**
A document to explain how the course works
- 4. Contact Us**
Opens a form to email our staff

Questions & Quizzes

Page Questions

As you navigate through the course pages, questions will automatically pop up. You have TWO CHANCES to answer each question correctly.

To review material before answering question

- A. Close the Question box by clicking the 'X' at the top right corner
- B. Reopen the question by clicking the 'quiz' button in the top right corner

Final Quiz

You may have a final exam at the end. This will be a random exam with questions from your course. This allows us to be approved in state you hold licenses in.

Is there a passing score? Yes, you will need an overall score of 75% or better to pass a course.

Your certificate is available immediately after you finish your course by downloading it from the online classroom. Instructions on next page.
