## Can I Pass The First Time?

YES! We know what it takes to help you pass your exam the very first time. Our method works because our program not only teaches you the technical material of the exam, but it also gives you the mental preparation you need. Don't take our word for it; listen to our students, we are proud to provide a reference list.

## I Don't Have The Time

We know you are busy and that is why we offer various options to study for your exam. Our students' success is the result of our ability to customize programs that help them strengthen their weaknesses. Your option to choose among several programs gives you an advantage to either study on your own time, or to simply sit in on our six-day refresher course.

Homestudy - The homestudy course allows you to work at your own pace with state-of-the-art homestudy products. Clear and concise workbooks are filled with illustrations that reinforce concepts, while you watch Mike's videos, and participate in one of our live classes. You couldn't ask for a more motivating instructor, or a better designed homestudy package.

Refresher Class - Six days prior to your exam, an Instructor will teach an Intensive Review Class in Orlando, Florida (exam site). This essential class gives you one last opportunity to have our Instructor nail down all the final details. These classes are dynamic, exciting and effective. Invest in your future and take the time to review all of the State material one last time. When you walk into your exam with confidence, you will be happy that you made the time for this crash and burn review.

## What Do I Do First?

You should begin preparing to take your exam today, the first step is to call our office and receive your state application. Ask for Sarina, our educational director. Her expertise in the state exam will help you answer all of your state and application questions. Sarina can also help you develop a program that will meet your specific educational needs. Don't wait, if you want to get your State license, call today!
