

MIKE HOLT'S NEC CODE SEMINAR

101 ESSENTIAL NEC RULES

& KEY 2008 NEC CODE ISSUES

FULL-DAY COURSE

Hosted By: The Music City Power Quality Group and the IEEE Central TN Section.

Instructor: Mike Holt

Mike Holt is one of the most influential authorities on the National Electrical Code. He has authored over 50 different training programs which have been in use since 1978 by electrical apprenticeship training programs, contractors, inspectors, electricians, and engineers. His website www.mikeholt.com is one of the most frequently visited sites on the Code. He has taught over 1,000 classes on over 40 different electrical related subjects to over 20,000 students.

Course Topics:

In this informative seminar, Mike Holt discusses 101 code rules that are often misinterpreted or misunderstood. He also discusses the key issues introduced by the code changes in the 2008 NEC. Mike will bring you an accurate, in-depth coverage of the most important 2008 NEC Code changes in a fun and dynamic manner. This knowledge is a must for electrical contractors, engineers, inspectors, electricians, maintenance personnel, and others who deal with the National Electrical Code.
