MIKE HOLT'S Instructor CONFERENCE

Join us this summer and take your Classes to the next level!

Schools, associations and training programs send instructors from around the country to this event. They know that it's a great way to pick up new ideas and discover how to keep students engaged, make sure that learning is taking place, and increase student success. The format of this program is a small group workshop that allows you, as an instructor, to really evaluate your program and ask Mike questions in an informal setting. Mike shares the techniques that he has cultivated over 35 years of teaching everything from Basic Theory to Exam Preparation, Estimating, and Continuing Education courses. When you attend this program you'll have the opportunity to make your own presentation and receive great feedback on your technique – it's a great format that helps you to take your teaching to the next level.
