

FREE BONDING and GROUNDING

Electrical Seminar

Thursday, February 9, 2023
6:00 pm - 7:30 pm

LONG BEACH MARRIOTT
4700 AIRPORT PLAZA DRIVE | LONG BEACH, CA 90815
p 562.627.8036 | f 562.421.1075

Join us for an Evening Event with Mike Holt

Mike will cover NEC rules regarding:

- Preventing Electric Shock
- Grounding versus Ungrounded Systems
- System Grounding versus Equipment Grounding
- Grounding Myths

Mike Holt has built one of the largest electrical training and publishing companies in the U.S. His one-of-a-kind presentation style and his ability to simplify and clarify technical concepts explain his unique position as one of the premier educators and Code experts in the country.

Learn the most important rules - minimize the risk of electric shock and fire...

Few articles can match Article 250 for misapplication, violation and misinterpretation. This program is unique in its ability to explain grounding, bonding and the difference between them in such a clear and precise way. It will clear up confusing or seemingly conflicting NEC rules, and give tips on proper installations, cautions and warnings of dangers related to improper electrical installations.

Those attending this high-energy program will learn the concepts necessary to understand the grounding and bonding rules in the NEC and how they apply to real-world settings.

Seating is limited - Register Now!
