

# Mike Holt's

# CHANGES TO THE NATIONAL ELECTRICAL CODE®

## 2026 NEC® Video Program

## GET UP TO SPEED

Mike Holt's Changes to the National Electrical Code Video Program based on the 2026 NEC®, teaches you everything that you need to know to quickly and easily master the newest content in the latest edition of the NEC®.

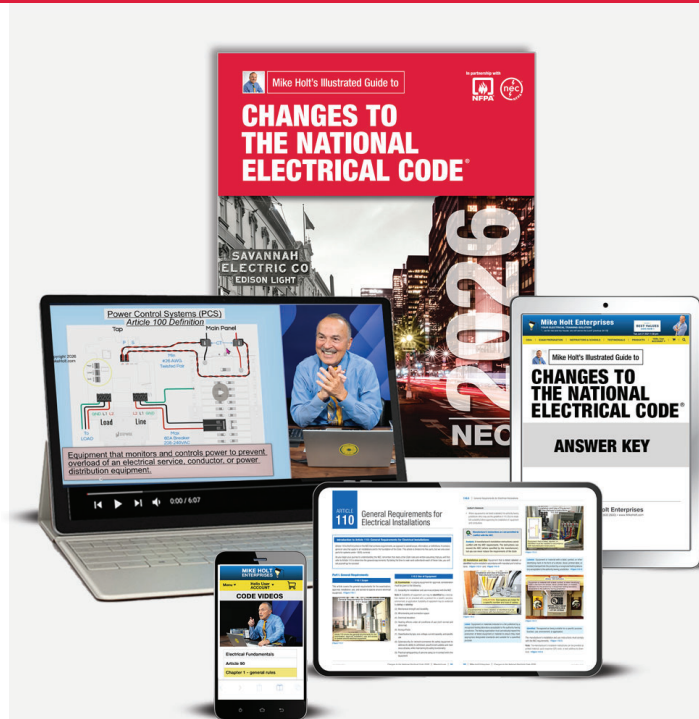

The illustrations and graphics in the book, along with the clear easy-to-understand explanations, make this the fastest way to learn the new Code.

The videos showcase dynamic panel discussions with Mike and a diverse team of electrical leaders, as they analyze the most essential code changes, and how those changes will impact installations. The wide range of skills of the panel and their unique perspectives provide a comprehensive overview of each change and how to apply it in the real world.

We are proud to partner with the National Fire Protection Association® (NFPA®) to bring you an even deeper understanding of the changes.

## We Make Learning Code Updates Easy...

- ✓ **Hundreds of Illustrations.** Detailed instructional images and graphics display the Code changes in real-life applications.
- ✓ **Color Icons.** Explanatory icons help you identify the specifics of each revision, along with easy-to-understand explanations.
- ✓ **In-depth Analysis.** The rule is explained along with background information on the purpose of the change.
- ✓ **Insightful Author's Comment.** Special notes help to provide interpretation and clarification of the rule and highlight its application in the real world.
- ✓ **Practical Examples.** Reinforce your understanding of the change with real-life situations and step-by-step solutions.
- ✓ **Final Exam.** Helps you test your understanding and apply your knowledge so you can master the Code.

“ I like the clear and concise analysis with detailed explanations and comments of the changes.

— Micheal F.
